

Request for Proposal

WARNER BROS. STUDIO TOUR TOKYO

Social Media

Jan. 28th 2026

1. Introduction

1.1 RFP Overview

Warner Bros. Studio Tour Tokyo (WBSTT) is inviting proposals from social agencies capable of leading the **strategic planning and execution of Social marketing throughout the year 2026**. The scope of the proposal should cover the following three key areas:

1. **Owned Social Media (BAU) Strategy and Operations**
 - a. Develop and execute a year-round “business-as-usual” strategy for WBSTT’s owned social channels.
 - b. Manage ongoing operations including content planning, publishing, and community engagement.
 - c. Produce creative assets (photo/video) tailored to each platform and aligned with the brand’s tone and objectives.
2. **Event-Based Social Strategy and Execution**
 - a. Plan and operate social media strategies for seasonal and thematic events scheduled throughout the year.
 - b. Align content and engagement tactics with WBSTT’s marketing calendar and ticket and retail product launch timelines.

This RFP invites companies to provide details of their service, capabilities and an indicative price for providing services to the WBD.

1.2 Background and Objectives

At WBSTT, social media is playing an increasingly important role in both enhancing customer satisfaction and driving ticket sales, with its presence continuing to grow. Leveraging social media in a friendly and effective manner is a key component of our marketing strategy. Our primary objective is to enhance customer engagement through social media activities. To achieve this, we are currently seeking a qualified vendor to lead the development of our social strategy and execute the social plan.

1.3 Challenges and Problem to Solver

Key Challenges & Hypotheses:

- **Business Challenge:** Ticket sales growth has stalled due to low awareness.
- **Social Challenge:** Through social media activities, we have largely acquired core fans, but the challenge is to raise awareness of WBSTT’s appeal among casual fans and engage them.
 1. Social marketing performs well in engaging core fans and to attract initial interest.
 2. However, the **location and format** of WBSTT are **not well communicated**. Many potential visitors are unclear about what Warner Bros. Studio Tour Tokyo offers, where it is located, and how it differs from other attractions such as USJ.
 3. The **benefits of visiting** (fun, excitement, shared family memories) are **not resonating strongly** with casual fans or broader audiences.

1.4 Goal and KPIs

Primary Goal

A communication foundation to increase attendance at WBSTT, enhance satisfaction, and continuously grow the fan base.

Specific KPIs

- Drive **Engagement by + 10% YoY.**
- Achieve **+100,000 followers on WBSTT official all social accounts.**
- 50 posts per month. (all accounts)

1.5 TARGET AUDIENCE

Casual and Core Harry Potter Fans

- **Why:** Core fans are naturally inclined to follow and actively engage with our social media channels. To expand awareness and engagement, we must further drive engagement among core fans while also extending our reach to audiences beyond the core fan base, encouraging them to see Studio Tour Tokyo as a destination for outings with friends and family.
- **Key Insight:** These audiences are open to magical experiences but **need clear emotional hooks** and visible fun to engage.

Demographics:

Families with children (ages 6-15), young adults (18-35), entertainment enthusiasts, and international tourists visiting Tokyo.

Psychographics:

- **Actively seek out fun activities and outing spots through social media. Socially active and motivated by sharable, fun activities.**
- Interested in shared, memorable experiences.
- Passionate about pop culture and movies but **not necessarily Harry Potter experts.**

Behavioral Insight:

They seek a **fun, magical day out** where they can **feel part of the story**, not just spectators. (IPSOS research on motivations and enjoyment will be integrated into the final version after the final report is delivered on **Sept 30.**)

1.6 TONE & PERSONALITY

- Exciting, fun, feeling like something enjoyable is about to happen, making you want to go and share it with everyone.
- The feeling of seeing on social media the experiences of someone similar to yourself, rather than someone from a distant world.
- **Magical yet cinematic:** Awe-inspiring and immersive.
- **Fun and family-friendly:** Show joy, laughter, and shared moments.
